

REFLECTION CONNECTION

Connect – with your peers and your industry!

What is the Reflection Connection?

It is a learning club of sorts, similar to a book club. Articles, books, industry publications are all potential topics for this learning forum. It is an opportunity to network and learn from other industry professionals.

Who can participate in the Reflection Connection?

Anyone who wants who want to explore various topics and/or subjects with other industry professionals. Members and non-members are welcome!

How often does the Reflection Connection Meet?

Groups should expect to meet at least one hour each quarter but may elect to meet more frequently if they choose. The chosen reading material may influence how often the group decides to meet.

Where does the Reflection Connection Meet?

It is up to the individual group to decide. Conference bridges are encouraged as are face-to-face meetings. If logistically feasible, groups may consider meeting during breakfast or lunch.

How is the Reflection Connection Structured?

That is where you come in! **We are looking for 4 -5 volunteers to help us design the format, as well as market and communicate the program.**

What if I am interested in volunteering?

If you are interested in participating or would like to lead a group, **please contact Nancy Murphy, nancy.murphy@cox.com by June 14, 2010.** It will be another important (and fun) step in your development and you'll help shape a new chapter program.
